Upon his return to Iran, he started to lecture in law school and only after two years he was elected to dean. In 1974 Dr. Aryamanesh became the head of the Financial Department of the Ministry of Higher Education in Iran. There, without any intentions to fill up his pockets, he was able to give scholarship to many low-income students to study abroad. At 1976 he was hired as the assistant of the minister of Education, and kept that position until a month before the Islamic revolution in Iran.

At this time despite of his age, he accepted a position as the head of “The World Conference of Criminology” in Tehran. This conference had been started a few years before that by a number of Top professors in criminology from all over the world.

Dr. Aryamanesh was always a loved character by the students. He always stood for the freedom of women, and the human and social rights in Iran.

After the revolution fearing his life, he was forced to escape his beloved county, and become a political refugee in France. There he met his dear old friend Dr. Aleh Dalfak .In order to keep the pure Iranian culture from destruction by religious dogma, at Persian year of 2690 (1361 Arabic year) they teamed up and founded “Pasdaran-e Farhang-e Iran. articles about Iranian culture and the appreciated book Sangasar (Stoning) were printed at the same time as well.

Dr. Aryamanesh was cowardly assassinated by gutless anti-Iranians who could not face the increased awareness about the Iranian culture.

After the heartbreaking execution, in the memory of his dear friend Dr. Ale Dalfak published the book "karnameye Koroush Aryamanesh". The book consists of all the short articles published by Dr. Aryamanesh during his adult lifetime.

Dr. Aryamanesh's last wish was fulfilled when his body was cremated on the 3rd of June 1996 at the top of the hills of Père-Lachaise in Paris, France. The beautiful melody "khabhaye talai" (Golden Dreams) were played and the poem "Doost" (Friend) by Sohrab Sepehri could be heard.

Even though gutless creatures ended the bright being of our beloved teacher, the torch of Knowledge and awareness he lit and carried for as long as he lived, will forever shine in the hearts of Iranians. You can kill flower but you can't kill the scent of a flower.

باگی نیست

در باسداد هشتم ماه خرداد ۴۰۲۷ ایرانی برابر با ۲۸ ماه مه ۱۹۹۶ پیکر زنده باد دکتر کورش آریامنش در حالی که لیخندی بر لب داشت از سوی نزدیکترین دوستش پیدا شد. برگگی از دفتر مبارزه با رژیم واپسگرای جمهوری اسلامی بسته شد.

دکتر کورش آریامنش بزرگ اندیشمند ایرانی، استاد جرم شناسی دانشگاه و دستیار پیشین وزارت آموزش و پرورش در رژیم شاهنشاهی ایران بود. پس از روی کار آوردن آیت الله خمینی از سوی نفت خواران جهانی، چون دیگر نمی توانست در زادگاهش آزادانه به مبارزه پردازد، میهنش را پشت سر نهاد و در پاریس نبرد فرهنگی خود را پی گرفت.

دکتر کورش آریامنش با شناخت فرهنگ و گذشته های سرزمینش قدم در راهی گذاشت که در کمتر کسی می توان آن توانایی را یافت که بتواند این چنین بی پرده راستی ها و دوستی ها را آشکار سازد. او در اتاق کوچک خانه خود با بیش از چند هزار نسکهای تاریخی و فرهنگی شبانه روز به پژوهش و شناساندن و گسترش فرهنگ ایران می پرداخت و بر این باور بود که می توان ایرانیان را دوباره با فرهنگ کهن و درخشانشان آشنا نمود تا آگاهانه بتوانند زنجیرهای بردگی نازی پرستان حاکم بر سرنوشتهشان را پاره نمایند. در این راه جز قلم و اندیشه اهورایی چیز دیگری نداشت. زخم هایی که از نوک قلم او بر پیکر دستاربندها و واپسگرا می نشست چنان آزاردهنده بود که ناگزیر با رخنه دادن آدم کشی به نام احمد جیحونی به درون سازمان پاسداران فرهنگ ایران، جان و قلم او را گرفتند. اما هرگز نتوانستند آسیبی به اندیشه والای او برسانند. کورش آریامنش دیگر در میان ما نیست. اما به گواهی دریافت هزاران نامه از گوشه و کنار جهان در می یابیم که اندیشه او در تاروپود بکاپک همکاران و همداران جای دارد. جانسازی این بزرگ نبرد فرهنگ ایران به ما این توان را می دهد که راهش را بشیر از پستری کنیم.

We cherish the memory of Dr. kourosh Aryamanesh and other fallen heroes who died to defend our culture and country.
